

AZ Test Arabia Commercial Co., Ltd.

Conformity Assessment Body – SFDA Designated

Public Summary – SP09 Evaluation Process

This public summary explains the evaluation process used by AZ Test Arabia Commercial Co., Ltd. for conformity assessment activities.

The evaluation process consists of several stages: application review, document verification, testing or inspection, and technical evaluation.

Each stage is performed by competent personnel using approved methods and applicable standards to ensure compliance with SFDA technical regulations.

All evaluation records are reviewed and maintained to demonstrate objectivity, traceability, and compliance with ISO/IEC 17065 requirements.
