

AZ Test Arabia Commercial Co., Ltd.

Conformity Assessment Body – SFDA Designated

Public Summary – SP10 Certification Process

This public summary provides an overview of the procedure for granting, maintaining, extending, suspending, and withdrawing certification.

Certification is granted only after the successful completion of all evaluation and review stages, ensuring compliance with applicable requirements.

To maintain certification, clients must continue to meet all conformity requirements, participate in surveillance when required, and fulfill financial obligations.

Certification may be suspended or withdrawn in cases of noncompliance, misuse of the certificate or mark, or failure to meet contractual conditions.

Clients retain the right to appeal or submit complaints, which are handled impartially according to AZ Test Arabia's established procedures.
